Board of Selectmen  
Town of Sharon, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Sharon, New Hampshire, for the year ended December 31, 1984, and have issued our report dated February 8, 1985. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of auditing procedures that are necessary for expressing an opinion on the financial statements and to assist us in planning and performing our examination of the financial statements.

The establishment and maintenance of a system of internal accounting control is an important responsibility of Town officials. The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the evaluation of these factors necessarily requires estimates and judgments.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally with respect to the estimates and judgments required in the preparation of the financial statements. Further, projection

of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Town's system of internal accounting control would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. The study and evaluation did disclose one weaknesses which we consider to be material. The additional recommendation which follows was developed from our observation of the Town's operations. It is not the result of a special study.

#### **TOWN CLERK REMITTANCES**

In our commentary letter for 1983 we noted that the Town Clerk did not remit revenues to the Town Treasurer on a timely basis. While more frequent remittances were made in 1984, we do not consider this weakness in internal control to be substantially alleviated. We urge the Town Clerk to turn over cash receipts on a monthly basis at minimum.

#### **INTERFUND TRANSFERS**

We have commented in prior years on the Town's failure to make transfers of Capital Reserve appropriations as required by State law. We noted that in 1984 the transfer was made on a timely basis and that all but \$200 of past year amounts was transferred to the fund.

We wish to thank all Town officials for their cooperation and patience during the course of our work.

Very truly yours,

*Carey, Vachon & Chelvey*

## REPORT OF THE SELECTMEN

The Selectmen are pleased to report that about 35 persons attended the Bass Park picnic in August. This event satisfied the requirement that a gathering be held at least every three years so that the Park would remain for its original purpose. Erazim Kohak has agreed to serve as Chairman of the Trustees. He will hold an organizational meeting in the early summer. The 1985 gathering will be announced in the local press.

The Selectmen have been advised that the State will aid towns in the management of their forests. The first action to be undertaken is the marking of all boundaries. William Bean, a local surveyor, has provided a bid of \$2,000.00 to do this work. This funding will come from the existing Town Forest Fund. It must be a vote of the Town.

We have determined that some corrective action should be taken at the intersection of Route 123 and Jarmany Hill Road. The sight line to the north is only about 50 feet. We have asked Senator Jean White to be our spokesman in Concord since the work will have to be done by the State Highway Department.

The Trustees of the Peterborough Library have requested a yearly charge for 1985 of \$760.00 to cover the present card holders who reside in Sharon. Rather than offer a flat refusal we have decided to include the question on the Warrant. We are of the opinion that each card holder pay directly for the service if they desire to continue it.

The Selectmen wish to publicly thank Bob Young for his time spent in repairing the Schoolhouse desks. Several were broken and had pieces of wood missing. They are now all usable.

In the 1984 report we inadvertently omitted to recognize the passing of three former Town Officials. Mrs. Chester Hurd was a Supervisor of the Checklist for several years and a resident for many years. Ernst Vogeler was a Tax Collector for several years as well. Harold Wilson had the most unusual record of office holding in the entire area. His terms, which included more than one office in a single year, amounted to 123 1 year terms. Their advice and experience have been well taken and appreciated.

The Selectmen are asking for an appropriation of \$200.00 to cover the cost of repainting the Schoolhouse trim. These funds will be taken from the Young Trust Fund.

Respectfully submitted,  
Selectmen of Sharon

## REPORT OF THE HIGHWAY AGENT

Last summer 2 new culverts were installed on Temple Road due to recurring problems after heavy rains and melting snow.

Underdrain was installed on Temple Road and Spring Hill Road. This corrected wet ditches which caused breaking of the pavement.

In 1985 the Town will be correcting an underdrain problem near the Allen residence on McCoy Road.

1985 will be the second year of work on a blind hump on the Nashua Road. During the first year the roadside brush and trees were cut. This year the project will be completed by cutting the hump down.

Roads will continue to be sealed as required. Also, ditching and cleaning culverts will be continued as will tree and brush cutting for better snow melting.

The Cross Road bridge is in need of an addition so that it will be wider. This will be done on the upstream side by adding new wing walls and a deck. The price is expected to be in the \$12,000.00 range. Some tree cutting and road widening will also be necessary. Other appropriations will help fund the latter.

The back portion of the new cemetery should have the brush cut before it reaches a more difficult stage.

Respectfully submitted,  
Walter B. Somero  
Highway Agent

## **REPORT OF THE PLANNING BOARD**

In the past year the Planning Board finally realized the completion and adoption of the Town's Master Plan. We thank Dave Edkins and the Southwest Regional Planning Commission for their help in drafting and printing the Master Plan. The Town voted at last Town Meeting to institute a Capital Improvements Study of the Town, which is being completed and will be ready for this year's Town Meeting. Our Interim Growth Regulation will terminate when the Capital Improvement Program is adopted by the Planning Board. We are presently working on zoning ordinance amendments, some mandated by changes in state law, and others which the Planning Board feels are necessary to strengthen our present ordinances.

Respectfully submitted,  
Michael Young,  
Chairman

## FOREST FIRE WARDEN'S REPORT

Despite periods of extreme drought the Town had no serious fires in the woods this past year.

As Spring approaches and the snow cover leaves I would remind people to dispose of woodstove ashes properly, in a covered steel container until all residual heat and embers are extinguished.

In the absence of snow cover there is no open burning without a permit. There may be no burning between the hours of 10:00 a.m and 5:00 p.m. with a permit unless it is raining. Permits are available from myself (Phone 924-7907), or the Deputy Wardens, John Derby and Michael Young. The penalty for willfully kindling a fire without a permit can be as high as \$1,000.00. However, the potential cost to our woodlands is far greater.

I look forward to the Town's continued cooperation in protecting our forests. If you have any questions please feel free to call me.

If you spot a fire do not hesitate to call Keene Mutual Aid at 1-352-1100.

Respectfully submitted,  
Barton D. Goodeve  
Fire Warden
